

20 July 2020

To whom it might be concerns,

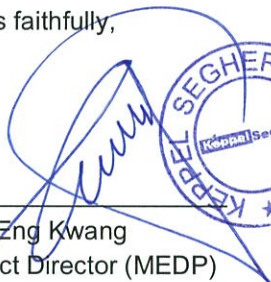

Keppel Infrastructure Pte Ltd employed the services of Mr Tony Attenborough through AECOM between June 2017 and June 2020 as Process Design Reviewer and Testing & Commissioning Lead for the 137,000 m3/d Marina East Desalination Project in Singapore.

Tony Attenborough is extremely knowledgeable and experienced in desalination and water treatment process.

Keppel Infrastructure Pte Ltd was entirely satisfied with the services provided by Tony Attenborough and appreciative of his contribution in this project.

Keppel Infrastructure Pte Ltd will recommend him for future assignments of a similar nature.

Yours faithfully,

Goh Eng Kwang
Project Director (MEDP)
Keppel Seghers Pte. Ltd
