

Christian Pitavy
Engineering & Technical Director
WATER TECHNOLOGIES

To whom it may concern,

Veolia Water Solutions & Technologies employed the services of Tony Attenborough during 2007 as a Desalination Consultant to prepare Veolia's technical proposal for the Umm Al Quwain desalination project, UAE.

Veolia Water was entirely satisfied with the services provided by Tony Attenborough, and would be willing to recommend him for future assignments of a similar nature.

Signed in Paris: December 14th, 2015

Christian Pitavy
